

MARCIN CHOCHOWSKI

RESEARCHER & DEVELOPER

ABOUT ME

Curious, open-minded, computer scientist with strong background in machine learning, statistics and data processing. I count with quick absorption of new technologies and generating new ideas. My desire is to keep developing my knowledge in a company that offers a possibility for growth and to take part in real-life deployments of developed new technologies

WORK EXPERIENCE

2013-... SAMSUNG R&D CENTER, POLAND

Senior Software Engineer

Working in Natural Language Processing Team mainly on speaker/language recognition and machine translation. Dealing with both algorithmic (machine learning, deep learning, signal processing) and implementation (android frontend, micro-service architecture backend) side.

2012-2013 WARSAW UNIVERSITY OF TECHNOLOGY

Research Assistant

Teaching "Biometric Identity Verification" and "Artificial Intelligence". Developing custom biometric solutions for other research institutions.

2003-2013 RESEARCH AND ACADEMIC COMPUTER NETWORK (NASK)

Research Assistant

Defining and working on national and European research projects (NCBiR, FP6, FP7). Being a technical leader of BioPKI project which was focusing on designing an electronic ID document with biometric verification. Coauthor of "Method of Eye Aliveness Testing and Device for Eye Aliveness Testing", United States Patent No. 8.061.842

EDUCATION

2005-2015 Warsaw University of Technology

Electronics and Information Technology

Ph.D. cum laude in Computer Science

Template protection mechanisms for iris binary codes

1999-2004 Warsaw University of Technology

Electronics and Information Technology

M.Sc., B.Sc. cum laude in Computer Science

Pupil dynamics as a new method for biometric verification

SKILLS

ML-AI	<div></div>	easygoing	<div></div>
Databases	<div></div>	rigorous	<div></div>
Java	<div></div>	curious	<div></div>
Spring	<div></div>	open	<div></div>
C++	<div></div>	teamwork	<div></div>
